1 Introduction: Why study law-based education reform in England, and how to do so	1
---	---

## **Part 1: Law-based education reform**

2 Law-based education reform: The term, its origins, and its context	10
3 Law-based education reform from theory to practice: Three cases	29
4 From social democracy to neoliberalism? From the Education and Inspections Act, 2006, to the Education Act, 2011 (they're not what you think)	56

## **Part 2: Who is involved in England's law-based reform, and how?**

5 The map of prominent figures in law-based reform, their views, and the roles they play	81
6 Ideology and politics, past and present, in law-based reform	100
7 Tinker, tailor, soldier, spy: Four cases and four key figures in law-based reform	119
8 The unique driving force of 'superheads' in law-based reform	134

## **Part 3: Analysis and implications of England's law-based reform**

9 Legislation's role, short- and long-term impact, and governance	154
10 Think tanks, local government, and the career cycle of players	178
11 Is legislation the remedy for school reform in England? Conclusion, afterthoughts, and insights on fairness and equity	195
Appendix: The methodological–conceptual framework and the structure of the study	209
