2.6 Know how/unfair competition/Patent.....	88
3. Scope of protection	93
<i>Nils Dietrich and Andreas Wiebe</i>	
3.1 Specific types of usage.....	93
3.1.1 Access.....	93
3.1.1.1 Copyright law.....	93
3.1.1.2 Sui generis protection as database.....	101
3.1.2 Linking	105
3.1.2.1 Copyright law.....	105
3.1.2.2 Sui generis protection as database.....	106
3.1.3 Mining	107
3.1.3.1 Copyright law.....	107
3.1.3.2 Sui generis protection as database.....	109
3.1.4 Reuse in different contexts/modifications/enhancements	110
3.1.4.1 Copyright law.....	110
3.1.4.2 Sui generis protection as database.....	112
3.1.4.3 Additional thoughts	112

3.1.5 Results	113
3.1.5.1 Copyright.....	114
3.1.5.2 Sui generis Database right	114
3.2 Graphical overview and rights matrix	116
3.3 “Legal Prototype” of e-infrastructure.....	118
3.3.1 End user scenario A.....	118
3.3.1.1 Which types of usage are relevant within the scenario?	118
3.3.1.2 Do these types of usage infringe IP rights?	119
3.3.1.3 Consequences	121
3.3.2 End user scenario B.....	122
3.3.2.1 Which types of usage are relevant within the scenario?	122
3.3.2.2 Do these types of usage infringe IP rights?	122
3.3.2.3 Consequences	124
3.3.3 End user scenario C.....	125
3.3.3.1 Which types of usage are relevant within the scenario?	125
3.3.3.2 Do these types of usage infringe IP rights?	125
3.3.3.3 Consequences	128
3.3.4 End user scenario D	129
3.3.4.1 Which types of usage are relevant within the scenario?	129
3.3.4.2 Do these types of usage infringe IP rights?	129
3.3.4.3 Consequences	129
3.3.4.4 Additional thoughts	129
3.3.5 Third-party provider scenario A	130
3.3.5.1 Which types of usage are relevant within the scenario?	130
3.3.5.2 Do these types of usage infringe IP rights?	131
3.3.5.3 Consequences	132
3.3.6 Third-party provider scenario B	132
3.3.6.1 Which types of usage are relevant within the scenario?	132
3.3.6.2 Do these types of usage infringe IP rights?	132
3.3.6.3 Consequences	134
3.3.7 Third-party provider scenario C	135
3.3.7.1 Which types of usage are relevant within the scenario?	135
3.3.7.2 Do these types of usage infringe IP rights?	135
3.3.7.3 Consequences	136
3.3.8 Third-party provider scenario D.....	137
3.3.8.1 Which types of usage are relevant within the scenario?	137
3.3.8.2 Do these types of usage infringe IP rights?	137
3.3.8.3 Consequences	138

3.3.9 Content provider registration and data processing scenario	139
3.3.9.1 Which types of usage are relevant within the scenario?.....	139
3.3.9.2 Do these types of usage infringe IP rights?	139
3.3.9.3 Consequences	140
3.3.9.4 Additional thoughts	140
4. Analysis of licensing issues.....	143
<i>Lucie Guibault and Thomas Margoni</i>	
4.1 Overview	143
4.2 Contracts	148
4.2.1 Creative Commons Licences	149
4.2.2 Open Data Commons	154
4.2.3 Digital Peer Publishing Licence (DPPL)	159
5. Conclusions and Recommendations.....	161
<i>Lucie Guibault, Thomas Margoni and Gerald Spindler</i>	
5.1 Conclusions on the legal framework.....	161
5.2 Recommendations to the European legislator	162
5.3 Recommendations to data- and e-infrastructure providers	163
